# Sensory Equipment

Wilkins International Generations catalogue is dedicated to introducing simple, effective Multi-Sensory equipment into the care home environment. The items included in our Sensory Packages are among our top ten products and have been selected for their portability and simplicity. The Portable Bubble tube, Fibre Optics and Mirage Projector are key products that create a relaxing environment at the flick of a switch. They are easy to maintain and can really transform a room or corner without being too invasive.

## SENSORY CORNER PACKAGE

This Sensory Package is designed to be permanently fixed in a corner of a darkened area. The two acrylic mirrors and Bubble Tube bracket should be wall fixed and the softplay Bubble Tube Plinth slid into place to create a soft comfortable position to access both the Interactive Bubble Tube and the Fibre Optic Sideglow. The image from the Mirage Projector can be directed at the Projection Hoop for close-up work. Requires a minimum floor space of 1200mm square.
